COMPETENCIES ASSESSMENT™

Can Do For You

## What is the DIVERSITY COMPETENCIES ASSESSMENT™?

There are many distinct skills and areas of expertise that contribute to diversity competency – your ability to value and leverage diversity. This 65-item instrument will allow you to assess your level of competency in seven skill areas:

- Skill One: Diversity Knowledge and Recognition
- Skill Two: Self-Awareness
- Skill Three: Productive Interpersonal Relationships
- Skill Four: Diversity Communication
- Skill Five: Addressing Diversity-Related Situations
- Skill Six: Creating an Inclusive Organization / Environment
- Skill Seven: Tapping the Opportunities and Learning

The DIVERSITY COMPETENCIES ASSESSMENT™ provides various benefits. It serves as...

- a self-assessment to determine strengths and areas on which to focus more attention;
- an action plan for on-going learning and practice;
- a general framework for learning about diversity-related skills, behaviors and competencies.

This instrument can be implemented with leaders and employees at all levels as...

- a stand-alone intervention with individuals or groups;
- a skills-based module in your existing diversity education efforts;
- a framework for subsequent skill-building training.
